

Price Promise
February 2016

Tariff terms and conditions

About your tariff

Price Promise February 2016 prices are fixed until 29th February 2016. You'll pay a daily standing charge and single unit rate.

Paying for your energy

You'll need to stay a Dual Fuel customer (with both fuels on this tariff) and pay by Direct Debit, Cash or Cheque. If you don't, your rates will change and your prices may be higher.

If you pay by Direct Debit but miss any payments, we can ask you to pay by Cash or Cheque. Your prices would go up – we'll explain the difference in your contract pack, or you can find the details on our website. We'd write to you at least seven working days before changing how you pay.

If you change your meter

If you move to a prepayment meter, we'll switch your tariff to British Gas' cheapest standard variable tariff at the time.

At the end of the tariff

Before this tariff ends, we'll write to tell you what will happen next. If we don't hear from you, we'll move you to the cheapest standard variable tariff we have available on 29th February 2016.

Other things to bear in mind

Price Promise February 2016 prices are fixed until 29th February 2016, unless the government or regulator does something or plans something that means we can't. (We hope they won't, but we have to let you know.)

We'll only sell so many Price Promise February 2016 tariffs, and we might withdraw it. The prices might change depending on regulations and how you pay. We'll also have to add VAT.

Our usual [terms and conditions of supply](#) also apply.
